Danville Country Club

March 2021

From the Clubhouse.....

And we are off on our season here at DCC! Your orders are being taken, drinks are being poured, and food is being served. How exciting is that!?! Come out to the club and see what is new! The clubhouse staff and I are at your service. We are happy that you will come join us for lunch or dinner. We open back up to the full hours of Wednesday through Saturday for lunch and dinner. Hours are 11 o'clock to 2 o'clock for lunch and 5 o'clock to 8 o'clock for dinner reservations. The bar is staffed all day long from 11 o'clock to close. No need to make reservations for lunch, but we do ask that you try to make them for dinner. Look for my weekly emails for the specials of the week and the update on the King of Clubs drawing on Monday morning.

We are delighted to have booked Catlin Crozier for music this Friday night for First Friday! We will have a special menu available that night, as well as your first beer or wine is on the house.

See you at the club,
Robert Sloan

From the Kitchen.....

We are finally getting some warmer weather. After that last snowstorm and extreme cold it is so nice to see the sunshine. Myself and our kitchen crew are so excited to finally be open. I will be doing my best to bring some new ideas to our weekly specials, we have some great things planned for March such as our first Friday menu, St. Patrick's Day corned beef and cabbage, and some great Lenten specials. Once again, it is my pleasure to serve as your chef and I am looking forward to seeing you at the club.

Sincerely,
Chef Robert Eaton

From the Golf Course.....

Meet the Golf Course Maintenance staff:

Rob Hodges has worked at Danville Country Club for over 40 golf seasons! He is a wealth of knowledge about the property and history of Danville Country Club. Since 1977 Rob has seen changes in the technology in mowing equipment and irrigation systems. He has worked for 4 different Superintendents and met hundreds of people that have worked on the course. Anyone who has ever worked on the maintenance staff remembers Rob. He is an excellent equipment operator and irrigation repair technician. Rob's dedication to DCC is shown in his impeccable attendance record.

Jack Hodges began working at Danville C.C. in 1969 as a young teenager. He worked his way into a supervisory position. A wealth of knowledge, Jack remembers the older workers discussing the construction and evolution of this golf course! Jack left DCC after the 1985 season and operated his own roofing company. After retirement from his business, he returned to work on our golf course. Jack is very dedicated to this club and operates a variety of maintenance equipment.

DCC is extremely fortunate to have the Hodges brothers care for our golf course. You cannot teach dedication!

Thanks,
Paul Sermersheim

From the Golf Course.....

We are enthused to see the grass again. Hopefully, we will be opening up the course on the 15th of March, but we will have more details to come depending on the weather. Ryan and I are happy to help you with anything you may need. Look for my letter on opening up in your inbox soon.

See you on the course soon,
Neil Moore
